

Client Name \_\_\_\_\_ EDD: \_\_\_\_\_

Planned Birth Location: \_\_\_\_\_

Training of Placenta Preparation Specialist (PPS) and Processing of Placenta (initial each of the following)

\_\_\_\_\_ PPS is not licensed or bonded through any insurance company or medical accreditation. PPS cannot guarantee the results the Client may experience.

\_\_\_\_\_ PPS cannot diagnose, treat, or prescribe for any health conditions. Services and fees are for the preparation of your placenta, not for the sale of the capsules.

\_\_\_\_\_ PPS has been trained in OSHA standards and prepares each placenta according to the most stringent standards for sanitation and safety.

\_\_\_\_\_ PPS has been trained and certified according to the state Food Safety Standards.

\_\_\_\_\_ PPS is trained according to the raw preparation method and the traditional Chinese method. PPS prepares the placenta using a hybrid of these two methodologies which includes lightly steaming and then dehydrating the placenta.

\_\_\_\_\_ Machinery, tools and items used to prepare the placenta are property of the PPS and are not to be used, borrowed, or tampered with by anyone other than the PPS.

\_\_\_\_\_ Client is expected to notify Client's care provider (and birthing facility) of Client's intention to have the placenta released to the Client. This notification should be completed in advance of the birth by providing any and all documentation required by the care provider and childbirth facility. To assure health of the placenta, Client will provide access to medical and lab reports when requested by PPS. PPS will not share any personal information or details of medical records.

\_\_\_\_\_ PPS never has "in process" more than one placenta at a time, so as to prevent cross-contamination. Each placenta yields approx. 75-150 capsules, depending upon the size of the placenta. The amount of capsules prepared cannot be guaranteed by PPS.

\_\_\_\_\_ The capsule preparation process can take up to two days. IF CLIENT DESIRES THAT PLACENTA BE PROCESSED IN CLIENT'S OWN HOME, Client must permit PPS access to Client's kitchen during a minimum of two home visits. Client understands that an additional \$75 surcharge is due when service is done in Client's home. If Client permits that the process be completed outside of Client's home, all capsules will be delivered to Client within 24-48 hours of pickup.

Client Name \_\_\_\_\_

Address for Delivery:

\_\_\_\_\_

Phone \_\_\_\_\_ Email \_\_\_\_\_

Estimated Due Date \_\_\_\_\_

Planned Location of Birth \_\_\_\_\_

Payment is DUE IN FULL prior to EDD or when Midwife begins service.  
Payment must be completed prior to pick-up.

I, \_\_\_\_\_ (client name), have read, initialed, and agreed to the above disclosures and guidelines set forth by the Placenta Preparation Specialist and give consent to Kristy Wilson, CPM to perform the services requested. I understand that there is no guarantee to the number of capsules that I will receive and that delivery/shipping is expected within 24-48 hours of the start of service.
